Enjoy life your way with 24-hour care

Living life on your terms

At Furzewood Lodge we will help you to live the life you want, with 24-hour expert care available whenever you need it. Your private, en-suite room comes complete with internet access and is fully furnished.

Dedicated to care, driven by compassion

Moving into a care home doesn't mean having to change your life. It just means that if you need help, you have it close to hand. We are here to encourage and enable you to continue to do all of the things that you've always enjoyed doing, providing support whenever it's needed.

Care in action

Our expert care is built on a resident-centred approach, ensuring that every individual's needs and preferences are our top priority.

Our teams are also here to support you to embrace life, pursue the things you enjoy doing, meet new people and lead a fulfilling and happy lifestyle.

Friendships and wellbeing

Connecting lives, creating moments

If you're looking to spend time with others, the home features a wide range of social areas including comfortable lounges, dining areas, cosy corners and more. If you're a film lover, there's also a cinema room for you to enjoy.

At the heart of Furzewood Lodge is the inviting café. It's a delightful space where you can connect with others, enjoy a chat, or simply relax in a comfortable and welcoming environment.

Our beautifully designed landscaped gardens are perfect for the warmer months and are accessible from all three floors of the home.

Keeping family bonds strong

We understand that maintaining relationships is vital so your family and friends are welcome to visit you whenever you like. We can also help you to keep in touch via video calls. When friends and family come to visit, there are plenty of places within the home to sit and chat over a cup of tea or coffee and some treats.

"At Furzewood Lodge, we take the time to understand what matters most to you, so that you can continue enjoying life in the way that feels right for you."
