Living life on your terms

At Mountbatten Lodge, independent living is balanced with 24-hour care, ensuring you have the freedom to enjoy life on your own terms. Your private, en-suite room is fully furnished and includes internet access.

Dedicated to care, driven by compassion

At Mountbatten Lodge, our dedicated staff work closely with you and your family to support your health and wellbeing. We carefully select staff for whom care is not just a job, but a true vocation. Each team member receives first class training, which is continuously updated throughout their career with Quantum Care.

Care in action

Our expert care is built on a resident centred approach, ensuring that every individual's needs and preferences are our top priority.

Our teams are also here to support you to embrace life, pursue the things you enjoy doing, meet new people and lead a fulfilling and happy lifestyle.

Friendships and wellbeing

Connecting lives, creating moments

If you're looking to spend time with others, the home features a wide range of social areas including comfortable lounges, a number of dining areas, cosy corners and more.

Mountbatten Lodge also features an inviting café. It's a space where you can connect with others, enjoy a chat, or simply relax in a comfortable and welcoming environment.

Our large landscaped garden is perfect for the warmer months and includes a number of seating areas, backdropped by mature trees and shrubs.

Keeping family bonds strong

We understand that maintaining relationships is vital so your family and friends are welcome to visit you whenever you like. We can also help you to keep in touch via video calls. When friends and family come to visit, there are plenty of places within the home to sit and chat over a cup of tea or coffee and some treats.

"At Mountbatten Lodge, all of the things that are important to you matter to us too. Together, we can make sure that you continue to live life the way you want to live it."
